Timbr.ai will inform Customer if it becomes aware, or reasonably believes, that Customer's instructions violate Applicable Data Protection Law. To the extent that any of Customer's additional instructions fall outside the scope of the Agreement or this DPA, any such instructions will be agreed to between the parties in writing, including any additional fees that may be payable by Customer to Timbr.ai for the performance of such additional instructions. Timbr.ai will publish updated Security Measures at www.timbr.ai/privacy-policy.

(b) Timbr.ai will ensure that (i) Timbr.ai's access to Personal Data is limited to those personnel who require such access to deliver the Services in accordance with the Agreement and (ii) all Timbr.ai personnel authorized to Process Personal Data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

(c) Customer is responsible for reviewing the Security Measures that Timbr.ai makes available and independently determining that the Security Measures are appropriate to ensure the security of Customer Personal Data and otherwise consistent with Customer's obligations under Applicable Data Protection Law.

4. CERTIFICATIONS AND AUDITS. Subject to appropriate confidentiality obligations:

(a) Certifications. Where available and upon Customer's request, Timbr.ai will provide Customer or Customer's authorized representatives certifications, attestations, reports or extracts thereof from third parties or other suitable certifications to demonstrate Timbr.ai's compliance with Applicable Data Protection Law and the terms of this DPA.

(b) Audits. Customer and/or Customer's authorized representatives may audit Timbr.ai's Service delivery centers and Security Measures relevant to the Customer Personal Data Processed by Timbr.ai only if: (i)

Timbr.ai notifies Customer of a Data Breach; (ii) an audit is required by Customer's data protection authority; or (iii) where required by Applicable Data Protection Law or the Standard Contractual Clauses (where the GDPR is applicable) and provided that Customer may only audit once in any 12 month period unless Applicable Data Protection Law requires more frequent audits. Customer will provide at least 60 days advance notice of any audit (by contacting cfo@Timbr.ai) unless Applicable Data Protection Law or a competent data protection authority requires shorter notice. Prior to beginning any audit, Timbr.ai and Customer will mutually agree upon the reasonable start date, scope and duration of and security and confidentiality controls applicable to the audit in addition to allocation of costs between the parties. Timbr.ai may object in writing to an auditor appointed by Customer to conduct any audit if the auditor is, in Timbr.ai's reasonable opinion, not suitably qualified or independent or a competitor of Timbr.ai. The scope of any audit will not require Timbr.ai to disclose to Customer or Customer's authorized representatives, or to allow Customer or Customer's authorized representatives to access: (1) any data or information of any other Timbr.ai customer; (2) any Timbr.ai internal accounting or financial information; (3) any Timbr.ai trade secret; or (4) any information that, in Timbr.ai's reasonable opinion could: (a) compromise the security of Timbr.ai's systems or premises; or (b) cause Timbr.ai to breach its obligations under Applicable Data Protection Law or Timbr.ai's security, confidentiality and/or privacy obligations to any other Timbr.ai customer or any third party.

5. SUBPROCESSORS.

(a) General Authorization. Customer grants Timbr.ai general authorization to engage Subprocessors from an agreed list; the list of Subprocessors is set out at www.timbr.ai/legal/subprocessors ("Subprocessors List"). When engaging any Subprocessor, Timbr.ai will: (i) ensure that any Subprocessor accesses Customer Personal Data only as necessary to perform the Services in accordance with the Agreement and this DPA; (ii) impose contractual data protection obligations to protect Customer Personal Data in accordance with the standard required by Applicable Data Protection Law; and (iii) remain liable for any breach of this DPA that is caused by any act, error or omission of its Subprocessors.

(b) Updates. Timbr.ai will inform Customer in advance of any proposed additions or replacements to the Subprocessors it uses to Process Customer Personal Data, including any information reasonably necessary to enable Customer to assess the Subprocessor and exercise its right to object, by posting to Timbr.ai's Subprocessors List, or by email, or in other written form.

(c) Objection Right. If Customer objects to Timbr.ai's use of a new Subprocessor (including when, where applicable, exercising its right to object under clause 9(a) of the Standard Contractual Clauses), it will provide Timbr.ai with: (i) written notice of the objection within 30 days after Timbr.ai has provided notice to Customer as described in Section 5(b) above; and (ii) documentary evidence that reasonably shows that the new Subprocessor does not or cannot comply with the requirements in this DPA (an "Objection"). If Customer does not provide Timbr.ai with a notice of Objection within this 30 day period, Customer is deemed to have accepted the new Subprocessor. In the event of an Objection, Timbr.ai will use reasonable efforts to make available to Customer a change in the Services or recommend a commercially reasonable change to Customer's configuration or use of the Services to avoid Processing of Customer Personal Data by the objected-to new Subprocessor without unreasonably burdening Customer. If Timbr.ai is unable to make available such change within a reasonable time period, which will not exceed 30 days, Customer may terminate the applicable Agreement with respect to only those Services which cannot be provided by Timbr.ai without the use of the objected-to new Subprocessor by

providing not less than 30 days' written notice to Timbr.ai. This termination right is Customer's sole and exclusive remedy if Customer objects to any new Subprocessor.

6. INTERNATIONAL PROCESSING.

(a) Cross Border Transfers. Customer Personal Data that Timbr.ai Processes on Customer's behalf may be transferred to, and stored and Processed in, the United States or any other country in which the Timbr.ai Group or its Subprocessors maintain facilities. Customer appoints Timbr.ai to perform any such transfer of Customer Personal Data to any such country and to store and Process Personal Data in order to provide the Services as permitted under Applicable Data Protection Law.

(b) Standard Contractual Clauses. To the extent Customer's use of the Services involves any transfers of Customer Personal Data falling within the scope of the GDPR from Customer (as data exporter) to Timbr.ai (as data importer), then the terms set forth in Schedule 3 will apply.

(c) UK Addendum. To the extent that: (i) Timbr.ai Processes Customer Personal Data on the behalf of Customer as a Processor in the course of providing Services pursuant to the Agreement; and (ii) Customer is subject to UK Data Protection Law and acts as a Controller thereunder, then the terms set forth in Schedule 4 will apply and supplement this DPA.

7. COOPERATION.

(a) Data Subject Rights. Upon Customer's request, Timbr.ai will provide reasonable additional and timely assistance to assist Customer in complying with its data protection obligations with respect to Data Subject rights under Applicable Data Protection Law. If Timbr.ai receives a request from a Data Subject in relation to the Processing of Customer Personal Data hereunder, Timbr.ai will promptly notify Customer and will not respond to such request itself but instead ask the Data Subject to redirect its request to Customer.

(b) Impact Assessments and Consultations. Upon Customer's request, Timbr.ai will provide reasonable cooperation to Customer in connection with any data protection impact assessment or consultations with regulatory authorities that may be required in accordance with Applicable Data Protection Law.

(c) Third Party Requests. If Timbr.ai receives a request to retain, disclose or otherwise Process Customer Personal Data from a third party, including law enforcement or a government entity ("Third Party Request"), then Timbr.ai, where possible, will refer the Third Party Request to Customer. If Timbr.ai cannot redirect the Third Party Request to Customer, Timbr.ai will, to the extent legally permitted, use reasonable efforts to notify Customer prior to responding to the Third Party Request so that Customer may seek appropriate legal remedies.

8. DATA BREACHES. Timbr.ai will notify Customer without undue delay after becoming aware of any Data Breach and provide reasonable information in its possession to assist Customer to meet Customer's obligations to report a Data Breach as required under Applicable Data Protection Law. Timbr.ai may provide such information in phases as it becomes available. Timbr.ai's notification of or response to a Data Breach under this Section 8 will not be construed as an acknowledgement by Timbr.ai of any fault or liability with respect to the Data Breach.

9. DURATION AND TERMINATION. Following the expiration or termination of the Agreement, Timbr.ai will:

(a) If requested to do so by Customer within 30 days of such expiration or termination: (i) make Customer Personal Data available to Customer for export or download for a period not to exceed 60 days (where the Service includes such a self-service feature); or (ii) in the absence of such a self-service feature, return Customer Personal Data by secure file transfer in such a format as mutually agreed by Customer and Timbr.ai; and

(b) Other than any Customer Personal Data retained by Timbr.ai after termination or expiry of the Agreement in accordance with Applicable Data Protection Law, delete Customer Personal Data Processed by Timbr.ai within a reasonable time period in line with Applicable Data Protection Law.

10. PERMITTED AFFILIATES. Timbr.ai's obligations set forth in this DPA will also extend to Permitted Affiliates subject to the following conditions:

(a) Customer warrants it is duly authorized to enter into this DPA for and on behalf of any such Customer Affiliates; each Customer Affiliate will be bound by the terms of this DPA as they were the Customer. For the avoidance of doubt, a Permitted Affiliate is not and does not become party to the Agreement and is only a party to the DPA. All access and use of the Services by Permitted Affiliates must comply with the terms and conditions of the Agreement and any violation of the Agreement by a Permitted Affiliate will be deemed a violation by Customer.

(b) Customer will remain responsible for coordinating all communication with Timbr.ai under this DPA and be entitled to make and receive any communications in relation to this DPA on behalf of its Permitted Affiliates.

(c) Except where Applicable Data Protection Law requires the Permitted Affiliate to exercise a right or seek any remedy under this DPA against Timbr.ai directly by itself, the parties agree that (i) Customer will exercise any such right or any such remedy on behalf of the Permitted Affiliate, and (ii) Customer will exercise any such rights under this DPA not separately for each Permitted Affiliate individually but in a combined manner for itself and all of its Authorized Affiliates together.
